

# WATERSHIELD Gold

## The Benefits of Conditioned Water

### In the Kitchen

- YOUR DISHES WILL SPARKLE
- GLASSWARE AND FLATWARE WILL DRY FREE OF SPOTS AND STREAKS
- CLEAN-UP ON COUNTER TOPS AND SINKS WILL BE EASIER, AND NEED LESS DETERGENT

### In the Bathroom

- SHOWERS WILL HAVE SILKY SMOOTH, CLEAR RINSING WATER
- SOAPS AND SHAMPOOS WILL PROVIDE GREAT LATHERS
- CONDITIONED WATER REVIVES HAIR COLOR AND LEAVES HAIR SOFT
- SKIN WILL FEEL SMOOTHER AND REFRESHED AFTER WASHING
- FIXTURES AND TILE WILL HAVE REDUCED SOAP SCUM AND RESIDUE BUILDUP

### Around the House

- LAUNDRY WILL HAVE BRIGHTER COLORS
- ADDS YEARS TO THE LIFE OF YOUR WATER HEATER, AND CAN MAINTAIN ITS EFFICIENCY BY UP TO 30% BY REDUCING SCALE BUILDUP
- CLOTHES WILL BE CLEANER, SOFTER, AND LAST LONGER
- ADDS SERVICE LIFE TO COFFEE MAKERS, DISHWASHERS, FAUCETS AND OTHER WATER USING APPLIANCES
- SAVES DRAMATICALLY ON THE COST OF CLEANING SUPPLIES AND DETERGENTS

**Advanced Solid State Control**  
Monitors and calculates water usage, system capacity, and salt levels. Maintains a 62 day history of usage that is kept in non volatile memory.

**Robust Flow Rates**

Will supply conditioned water up to 27 gallons per minute providing for the soft, refined water demands of today's larger homes.

**Visual Low Salt Alarm**

**Activated Coconut Shell Carbon\***

Premium grade carbon removes chlorine, unpleasant tastes, and odor.

**Cation Resin \***

High capacity 12-14% cross linked resin removes hardness causing minerals with moderate iron removal capability and excellent resistance to chlorine. Alternate resin options are available for tannin or other removal capabilities.

**Gravel \***

Excellent high flow rate support bed and sediment filtration media. Provides the final polish to your water.

**A Conditioned Water Solution Designed for Your Home**

WATER QUALITY DIFFERS FROM AREA TO AREA. HARDNESS FROM CALCIUM AND MAGNESIUM, IRON, MANGANESE, AND EVEN CHLORINE ALL CHANGE DEPENDING ON YOUR LOCATION AND SET OF CIRCUMSTANCES. SO, WHY WOULD YOU CONSIDER A "ONE DESIGN FITS ALL" CONDITIONING SOLUTION?

THE **WATERSHIELD** GOLD'S MEDIA BED IS DESIGNED FOR YOUR PARTICULAR NEEDS. YOUR TRAINED **WATERSHIELD** GOLD DEALER WILL SELECT FROM SEVERAL MEDIA MIXES TO SOLVE YOUR CONDITIONING NEEDS. IN ADDITION TO SOFTENING YOUR WATER, THESE MEDIA MIX OPTIONS CAN ALSO REMOVE TURBIDITY, TANNINS, IRON AND SULFUR BACTERIA, AND OTHER UNPLEASANT ODORS AND TASTES.

**Safety Float**

An extra back-up system to prevent any chance of a salt tank overflow

**Non-Corrosive Blow Molded Brine Tank**

*\* municipal water media option*

**WATERSHIELD** offers a large selection of under sink reverse osmosis and drinking water systems. Enjoy great tasting water, crystalline, clearer ice cubes, pristine rinsed fruit and vegetables, and quality water for your pets and aquarium. Pennies a gallon versus dollars a gallon for bottled water.
